

## How Asian Wedding is made ?

### How to Enjoy Your Own Asian-themed Wedding?

Once you have finally decided that you will have [your own Asian wedding to celebrate about](#), it is only proper that you take the necessary preparations to stage this wonderful event.

Here are some of the points to consider for that special wedding day.

#### 1. Japanese or Chinese

There are many Asian countries in the East whose wedding traditions you can copy on your own. However, the Japanese and Chinese cultures are the more popular ones.

You can easily look for decorations, materials and details that will go about with the traditions of these two countries, considering that the Western world has embraced the elements of these oriental cultures.

#### 2. Have Fun with the Colors

Once you have opted to take on an Oriental wedding, then you can freely consider wonderful colors in your wedding day.

Generally speaking, white is not the best choice for a gown in an Asian wedding. In the oriental culture, white is the color of death. It is not wise to stick with white if you are going all out oriental.

Red is the lucky color, together with black. These two colors are believed to bring the marrying couple luck and prosperity in the days to come. So it will be great to consider these color schemes and experiment on the new choices that you have.

You can actually consider surveying your local community for designers that have knowledge of the Asian styles. The online community also gives a lot of choices for providing ideas when it comes to genuine Oriental apparel.

### 3. Simplicity and Elegance

An Asian bride will naturally display her beauty by exuding elegance in her simplicity.

This means that you have to seek for a gown with simple lines and not too many embellishments. Use fabrics that are truly reflective of Oriental style. Choose for footwear strappy sandals that will complement the elegant gown.

The best detail that an Asian bride focuses on is her hairstyle. It must not be wavy or curly or let loose. The hair must be styled with a dramatic flair to complement the simple gown.

### 4. Wedding Details

There is a wide range of choices when it comes to details.

You can have paper lanterns, origami or pottery decorations. You can also put up a small pond with the koi fish swimming in it.

Orchids and lilies are wonderful options for the flowers. You can also put small fishbowls in the center of the table with white and black stones in it.
