

## Are RTA Kitchen Cabinets a Good Value

In recent years however, RTA, or ready to assemble cabinets have increased in popularity. Ready to assemble means the cabinets come flat packed in a box and must be assembled by either a cabinet professional, or home owner regarding [granite counters orlando fl](#). The types of kitchen cabinets orlando fl have a much lower lead time than traditional made to order cabinets. For example, a typical custom kitchen could take upto 12 weeks to construct, where an RTA kitchen cabinets orlando fl could be ordered, and installed in less that 2 days!

Some customer wonder if RTA kitchen cabinets would fit in their home. The answer is simple, they will. Kitchen cabinets generally are sized in 3. increments. For example, 9, 12, 15, 18 generally upto 36.. This ensures that cabinets can be put together and installed in any size wall. If there is any extra space left over, then fillers will fill these voids.

Not only will these cabinets fit, RTA kitchen cabinets orlando fl look great. Many extras can be added to make your kitchen look like a true custom masterpiece. For example, if you are looking for soft close drawers, soft close doors, these can all be added. You can also add crown molding, light rail, upgraded side end panels, etc.

## About the Author
