

## Minnesota Fishing Resorts - Minnesota's Best-Kept Secret

Therefore you want to take the household on a fishing trip. Where's the best place to get?

Pick from any number of Minnesota fishing resorts!

Why Minnesota? And why fishing?

Fishing in Minnesota is a statewide pastime. Cold temperatures, summer, spring and fall, the fish are always biting. Minnesota is named the Land of 10,000 Lakes (in actuality there are [park rapids mn resorts](#) nearer to 20,000 lakes), and with so much water, the fishing is incredible. Local river favorites include Mille Lacs River, Red Sea, Silver River, or the granddaddy of them, Lake of the Woods in intense northern Minnesota, wherever trophy Walleye and Upper Pike are plentiful.

For warm weather fishing, many Minnesota fishing resorts present ship and fishing pole rentals, and even helpful information if you feel uncertain about your fishing skills. The resort workers are happy to offer recommendations regarding where the fish are biting, and actually the best trap (although you'll find that views vary!) Live minnows and leeches are the most frequent (and between you and me, I have generally had the best success with a live minnow swimming on the finish of my hook.)

For winter-time enjoyment, try snow fishing. Young and previous appreciate fishing in an ice fishing house, where you are able to get those same Walleye and Northern Pike, but in the comfort of a hot ice house. An snow home is just a small creating usually about the size of a garden drop, with enough space for 2-6 individuals to fish through holes in the ice. Several Minnesota fishing resorts provide ice fishing properties already added to the sea and all you have to do is appear with your pole and some bait. Everyone can ice fish, it's as easy as losing a point in the water and awaiting a bite. And after a fish takes your bait, make sure to pull him up quickly - if you let any slack on the range, you might eliminate your treasure!

An added feature that many Minnesota fishing resorts present is a washing stop, and occasionally actually someone to clear and filet your catch you. If enthusiastic about growing a really great find, additionally, there are many taxidermists who concentrate in Walleye and Pike, so that your fishing journey could be even more memorable. Needless to say, recall to create your camera - who does not want to memorialize young Bobby's first fish!

The best portion of your Minnesota fishing experience is meal that night. Many resorts can offer to make your catch in the fashion you like, whether cooked, broiled, or possibly a good old-fashioned outside fish cook, detailed with cole slaw, baked carrots, hush pups, potato salad and rolls. Nothing defeats heavy melted walleye fillets!
