

Uratech Design and Build Custom Carts, Shelves, Cabinets and CNC Tool Storage Products for All Types of CNC Holders

Precision Storage Solutions Built for Modern CNC Environments

In today's fast-paced machining industry, organization and efficiency are critical to productivity. That's where Uratech stands out. Uratech designs and builds custom carts, shelves, cabinets, and CNC tool storage products for all types of CNC holders, helping machine shops streamline operations, protect valuable tooling, and maximize workspace efficiency.

Whether you're handling CAT, BT, HSK, CAPTO, or VDI holders, Uratech delivers tailored storage systems engineered to meet the exact needs of your facility.

Custom CNC Tool Storage Designed for Your Shop

No two machine shops are the same. Uratech understands this and offers fully customizable storage solutions that adapt to your workflow.

From compact workspaces to large-scale manufacturing units, Uratech provides:

- Custom CNC tool carts for mobility and accessibility
- Heavy-duty shelves for organized tool storage
- Industrial cabinets for secure and dust-free environments
- Modular systems that grow with your operations

Each product is designed with durability and usability in mind, ensuring long-term performance even in demanding shop conditions.

Compatible with All Types of [CNC](#) Holders

One of the biggest advantages of choosing Uratech is its compatibility across a wide range of CNC tooling systems. Uratech designs storage solutions for:

- CAT taper tool holders
- BT tool holders
- HSK tool holders
- CAPTO modular tooling systems
- VDI tool holders
- KM and specialty holders

This versatility ensures that your tools are always stored safely, regardless of the machine or application.

Engineered for Durability and Protection

Uratech products are built using high-quality cold-rolled steel, offering superior strength and longevity. Each storage system is finished with a durable powder coating that resists corrosion, wear, and shop contaminants.

Additionally, Uratech incorporates protective nylon inserts to prevent damage to precision tool holders. This attention to detail helps extend the life of your tools and maintain machining accuracy.

Improve Efficiency and Workflow

An organized shop is an efficient shop. Uratech's CNC tool storage solutions are designed to:

- Reduce time spent searching for tools
- Improve tool handling and safety
- Enhance shop floor organization
- Increase overall productivity

With everything in its place, operators can focus on machining rather than managing clutter.

Mobility Meets Functionality

Uratech's [custom carts](#) are designed for easy movement across the shop floor. Equipped with high-quality casters and ergonomic designs, these carts allow operators to transport tools safely and efficiently between workstations.

This mobility reduces downtime and supports lean manufacturing practices.

Why Choose Uratech for CNC Tool Storage?

Choosing Uratech means investing in:

- Custom-built solutions tailored to your needs
- High-quality materials and craftsmanship
- Compatibility with all CNC holder types
- Long-lasting durability
- Improved shop efficiency and organization

Uratech is committed to delivering innovative storage systems that meet the evolving demands of the machining industry.

Conclusion

When it comes to reliable and efficient CNC tool organization, Uratech leads the way. With the ability to design and build custom carts, shelves, cabinets, and CNC tool storage products for all types of CNC holders, Uratech ensures your shop stays organized, productive, and ready for any machining challenge.

Fast & Reliable Shipping Across North America & Worldwide

At Uratech, we understand the importance of prompt and reliable delivery. We offer same-day shipping to customers in the USA, Canada, and Mexico, ensuring that your business operations remain uninterrupted.

Additionally, we provide worldwide shipping, allowing industries across the globe to benefit from our high-quality storage solutions.

Stocked in New York, USA and Ontario, Canada for Immediate Availability:

Our warehouse in New York, USA and Ontario, Canada maintains an extensive inventory of tool storage products. This ensures that our customers receive their orders quickly, reducing downtime and improving productivity.

Orders from USA and Mexico will be shipped and invoiced from Uratech USA Inc, 4947 Lockport road, #3, Lockport, New York, USA 14094

Orders from Canada and the rest of the world will be shipped from Uratech Tooling Technologies Inc, 142 Foamflower place, #21, Waterloo, Ontario, Canada N2V 0J1
