

## 30 Taper CNC Machine or Wall Mount Tool Holder Rack – Uratech | Heavy-Duty CNC Tool Storage

Improve organization, efficiency, and accessibility in your machining workspace with the **Uratech White 30 Taper CNC Machine or Wall Mount Tool Holder Rack**. Designed for professional CNC machining environments, this heavy-duty tool storage rack provides a secure and convenient solution for storing CAT30, BT30, DV30, NMTB30, and ISO30 tool holders. Whether mounted directly on a CNC machine or installed on a workshop wall, this versatile rack helps streamline operations by keeping tools organized and within easy reach.

Built from durable industrial-grade 16-gauge cold-rolled steel, the Uratech 30 taper tool holder rack is engineered to withstand demanding shop conditions and continuous daily use. The strong powder-coated white finish enhances durability while helping resist corrosion, coolant exposure, and general wear commonly found in machining environments. Its clean and professional appearance also complements modern CNC workspaces and manufacturing facilities.

This CNC tool storage rack is equipped with durable red nylon inserts that securely hold tools in place while protecting expensive tool holders from scratches, vibration, and accidental damage. By providing dedicated storage positions for each tool holder, the rack helps reduce clutter, improve workflow efficiency, and minimize downtime caused by misplaced tooling. The compact and space-saving design makes it ideal for machine shops, toolrooms, production floors, maintenance departments, and high-efficiency manufacturing environments.

The dual-purpose mounting capability offers maximum flexibility for different shop layouts and machining setups. Operators can mount the rack directly onto [collet holder for milling machine](#) for fast tool changes during production or install it on nearby walls to create a more organized and accessible storage system. This flexibility allows machinists to customize their workspace for improved productivity and smoother workflow management.

Designed for professional machinists and industrial applications, the Uratech 30 Taper Tool Holder Rack delivers reliable performance, long-lasting durability, and efficient tool organization. It is an ideal solution for protecting valuable tooling investments while maintaining a cleaner, safer, and more productive CNC workspace.

### Key Features of 30 Taper CNC Machine or Wall Mount:-

- Compatible with CAT30, BT30, DV30, NMTB30, and ISO30 tool holders
- Heavy-duty wall mount or CNC machine mount design
- Durable industrial-grade steel construction
- Powder-coated white finish for enhanced durability
- Red nylon inserts help protect tooling from scratches and wear
- Compact and space-saving tool storage solution
- Keeps CNC tools organized and easily accessible
- Helps improve workflow efficiency and productivity
- Ideal for machine shops, manufacturing facilities, and toolrooms
- Designed for long-term industrial use and reliability
- Easy installation for flexible workspace organization
- Professional-grade CNC tool management solution

### Fast & Reliable Shipping Across North America & Worldwide

At Uratech, we ensure quick and reliable delivery to support uninterrupted machining operations. We offer same-day shipping across the USA, Canada, and Mexico, along with worldwide delivery for global customers.

Our products are stocked in New York, USA and Ontario, Canada, allowing faster order processing and reduced downtime for machine shops.

### Warehouse Locations

**USA:** Uratech USA Inc, Lockport, New York

**Canada:** Uratech Tooling Technologies Inc, Waterloo, Ontario

## About the Author

Uratech specializes in the design and manufacturing of CNC tool storage products and operates in two countries: in USA as Uratech USA Inc and in the Canada as Uratech Tooling Technologies Inc., We offer high-quality solutions to meet the needs of modern machine shops. Uratech is sincerely committed to providing customers with leading-edge technology.

Our primary objective is to meet or exceed customer expectations. We achieve this through efficient performance, quality workmanship, professionalism, competitive pricing, and on-time delivery. Above all, we emphasize the quality of work we deliver to fully satisfy our customers' needs. Products are stocked in New York, USA, and Ontario, Canada.

Orders from US and Mexico customers are shipped from Uratech USA Inc., New York.

Orders from Canada and all other countries are shipped from Uratech Tooling Technologies Inc., Ontario.
